Title: Request for Elementary and Secondary Education Act Flexibility

OMB #: Pending

Abstract: The U.S. Department of Education plans to offer each State educational agency the opportunity to request flexibility on behalf of itself, its local educational agencies, and its schools, in order to better focus on improving student learning and increasing the quality of instruction. This voluntary opportunity will provide educators and State and local leaders with flexibility regarding specific requirements of the No Child Left Behind Act of 2001 in exchange for rigorous and comprehensive State-developed accountability plans designed to improve educational outcomes for all students, close achievement gaps, increase equity, and improve the quality of instruction. This flexibility is intended to build on and support the significant State and local reform efforts already underway in critical areas such as transitioning to college- and career-ready standards and assessments; developing systems of differentiated recognition, accountability, and support; and evaluating and supporting teacher and principal effectiveness.
